- b. Skills/qualifications required: Previous experience as a Food Service NCO.
- c. Minimum military and civilian education required:
- d. Security clearance required: none

4. Project justification:

a. The project to be completed is serve as Food Service NCO for a joint task force conducting road construction operations in Southeast Alaska.

(1) By 17 Mar, the soldier will have completed initial training and familiarization with task force SOPs. Soldier will meet with food service personnel at Alaskan Command to review procedures and open accounts.

(2) From 18 Mar thru 19 September, the soldier will work as the food service NCO for the task force. The food service NCO will supervise the food service section, comprised of duration and rotational personnel. Duties include forecasting and ordering rations and supplies, supervising the preparation of 500 meals per day, and overseeing the cleanliness of the facility.

(3) This is an on-going IRT mission. Soldier may be rehired for next fiscal year based on job performance.

b. Assigned personnel, AGR, or DA Civilian, cannot accomplish this project because this is a joint task force conducting a mission IAW the parameters of the IRT program. No AGR personnel are assigned to this project.

c. The need for this project was created by DoD as part of the IRT program.

d. The project is vital to the function of this office and the ARNG for the following reason(s): This project is the largest IRT project currently being undertaken. Adequate staffing is vital to ensuring the success of this large undertaking.

5. Point of contact for this request is Jerry McDaniel, CPT, JFECC LNO 573-596-0131 ext 6-7320.
